OFFICE OF PETITIONS

Sir:

On October 23, 2006, the undersigned filed a Petition to Withdraw the Holding of Abandonment in the subject application. A copy of the stamped postcard indicating receipt of the Petition by the Patent and Trademark Office on October 23, 2006, is enclosed. As the records of Private PAIR do not show this Petition as being received, it would appear that the Petition has been lost by the Patent and Trademark Office. Included in this submission is the Petition to Withdraw the Holding of Abandonment with Exhibits A and B as filed on October 23, 2006.

Applicants hereby petition that the holding of abandonment of the above-identified application be withdrawn. It is submitted that the abandonment of the above-identified application resulted from the Patent and Trademark Office's failure to mail the non-final Office Action to the correct address. Since the failure to file a response to the non-final Office Action resulted from a Patent and Trademark Office error, it is respectfully submitted that the withdrawal of the holding of abandonment is proper.

The abandonment of the above-identified application on March 29, 2002, resulted from Applicant's failure to respond to an outstanding non-final Office Action.

C. Grant

Applicants did not respond to the non-final Office Action because Applicants never received the non-final Office Action. Applicants' attorneys have made a careful search of the entire file jacket for the subject application and the non-final Office Action was not present. A review of the docket records also indicate that the non-final Office Action was never received.

Attached as Exhibit A is a copy of the private PAIR page from the U.S. Patent and Trademark Office website for the subject application. It is noted that on April 26, 2001, there is a notation stating "Correspondence Address Change". Also on that date there are two separate notations of a "Letter Restarting Period for Response" and "Mail Notice of Restarted Response Period". It is respectfully submitted that the undersigned did not receive either of these papers, although it appears that a change to the correspondence address was received and made of record, prior to these papers being sent out.

In addition, the undersigned submitted by e-mail on or about May 22, 2001, a spreadsheet listing applications for which the undersigned's address was to be changed. Exhibit B is the e-mail correspondence between Margaret Drosos, the patent administrator of Applicants' firm, and Stacy Fuller of the Patent and Trademark Office. Also included is a copy of page 8 of the spreadsheet which lists the above-identified application. Upon submission of the change of address, the Patent and Trademark Office should have changed the mailing address for the above-identified application.

Based upon the facts set forth above, the undersigned attempted to advise the Patent and Trademark Office of its change of address. It appears, however, that this change of address was not entered in the above-identified application and the non-final Office Action was mailed to the undersigned's old address and was never received by the undersigned. Since the undersigned did not receive the non-final Office Action, a response was not filed. Thus it is submitted that the failure to properly respond to the outstanding non-final Office Action resulted from the failure of the Patent and Trademark Office to change the undersigned's address and that the abandonment of the application was a consequence of the Patent and Trademark Office's failure to change the address. It is therefore submitted that withdrawal of the holding of

abandonment of the above-identified application is proper and this petition should be granted.

In the event that any fees are due with respect to this paper, please charge our Deposit Account No. 01-2300, referencing Atty. Docket No. 100725-09009.

Respectfully submitted,

Thank you for your response. Unfortunately we asked that you email me the list of applications/patents that you DO NOT wish to be associated with your customer number and that you not delete any applications from the spreadsheet. I have to go to your original spreadsheet and remove the applications that you do not wish to be associated. Please resend the error report with these applications clearly noted.

Thank you for your assistance.
